Using the Nashville Numbering for chords

Chorus

I Thonotosassa, you'll be here some old day... I7
IV Thonotosassa, a hard word to say... I
V Don't let the syllables
I V I Get in your way

You'll love the setting, under stately oaks...
You'll love the setting, under stately oaks...
You'll even smile
When Ward tells his jokes

It's a library and it's filled with books...
It is a library and it's filled with books...
But on Saturday morning
The music really cooks

Chorus

It's all live music and it's face to face...
It's all live music and it's face to face...
And when you listen
You'll hear amazing grace

You're stuck in traffic and your patience fails...
You're stuck in traffic and your patience fails...
But when it's jam time
You're hiking happy trails

So if you're southbound without much to do...
If you are southbound without much to do...
Thonotosassa
Might be the place for you

Thonotosassa, you'll be here some old day...
Thonotosassa, a hard word to say...
Don't let the syllables
Get in your way
